Joint meeting

Skin Allergy Meeting 2019

Last Chance For Abstract Submission!

The fifth edition of our **Skin Allergy Meeting (SAM 2019)** will be taking place from 4 – 6 April 2019 at the Technical University of Munich (TUM), Germany. SAM will be organised by EAACI in collaboration with the European Society for Contact Dermatitis (ESCD).

**Submit Your
Abstract**

Submit your abstract before the deadline:
23 January 2019, 23:59 CET.

Top Speakers & Topics

Speakers from top-level international institutions will present up-to-date research covering basic, translational and clinical aspects:

- **Thomas Werfel** (DE) will provide a state-of-the-art perspective on the mechanisms in atopic dermatitis and how to attack them.
- **Tilo Biedermann** (DE) will focus on new licensed biologic treatments of atopic dermatitis and those in the pipeline.
- **Clive Grattan** (GB) will discuss how to handle patients with angioedema in clinical practice.
- **Thomas Rustemeyer** (NL) will update you on new evolving contact allergens.
- **An Goossens** (BE) will provide important clues and pitfalls diagnosing allergic contact dermatitis.
- **Wolfgang Uter** (DE) will explain how to do patch test with patients' own material.
- **Peter Schmid-Grendelmeier** (CH) will discuss whether mast cell activation syndrome really exists or is a myth.
- **Knut Brockow** (DE) will give a state-of-the-art perspective on elicitors and co-factors in anaphylaxis.
- **Carsten Bindslev-Jensen** (DK) will focus on the difficult management of the so called "idiopathic" anaphylaxis.
- **Maja Mockenhaupt** (DE) will show that cutaneous manifestations of drug hypersensitivity are not that complicated.
- **Kathrin Scherer Hofmeier** (CH) will explain that diagnosing drug allergy is easy using new guidelines.
